

## Bard Subclass: Song Healer

**Replace** the original Bard abilities with the following:

**Enhance Healing(@ lvl 1):** A number of times per day equal to their Charisma modifier, a song healer can cause any healing effect from a spell or spell trigger item(wands etc.) to function at a caster level equal to his class level.

This ability replaces versatile performance.

**Bardic Performance(@ lvl 14):** A song healer gains the following type of bardic performance.

*Healing Performance (Su):* A bard of 14th level or higher can use their performance to cast *heal* on a living target (or *harm* on an undead target), using the bard's level as the caster level. Using this ability requires you to have played 5 rounds of performance nonstop, and the target must be able to see and hear the bard throughout the performance. The healing performance relies on audible and visual components.

This ability replaces frightening tune.

**Funereal Ballad(@ lvl 20):** A bard of 20th level or higher can use their performance to cast *Resurrection* on a dead creature, using the bard's level as the caster level. Using this ability requires you to have played 20 rounds of performance nonstop, and the target must be within 10 feet of the bard for the entire performance. Funereal ballad relies on audible and visual components.

This ability replaces deadly performance.
